

Recycle at Sunfield!

Wednesdays, 2pm – 6pm

Saturdays, 9am – 1pm

**126 1st Street
Sunfield**

After being closed for several months, Eaton County Resource Recovery (ECDRR) reopened the Sunfield Recycling Center in October 2020. ECDRR is operating the site as a pilot program to see if there's enough regional interest to sustain its operation.

Support a cleaner environment and the circular economy by bringing your clean and sorted recyclables to Sunfield. (See the list of accepted materials at the right.) For more information, visit the Sunfield Recycling Center website at <https://recycle18.wixsite.com/sunfieldrecycling>
